ALGER IS INDORSED

Michigan Republicans Make Him
Their Candidate for Senator.

THE VICTORY GREAT

Opposing Factions Made a Desperate
Effort Not to Indorse Any Candi-
date for Senator—Connecti-
cut Democratic Ticket.

Grand Rapids, Mich., Sept. 26.—After a long and laborious session in which more oratory and enthusiastic partisan strife were in evidence than have been seen in the councils of the Republican party in this state for many years, the Republican state convention Thursday indorsed the senatorial candidacy of General R. A. Alger, former secretary of war, and nominated William L. Carpenter of Detroit for justice of the supreme court, to fill the vacancy caused by the death of Justice Charles D. Long.

General Alger's friends won a great victory over the supporters of Dexter M. Ferris of Detroit, the test of strength having been made on a motion to adopt the minority recommendation of the committee on resolutions to the effect that no expression on the senatorial candidacy of any one be taken.

The test vote by a roll call of counties rejected the minority report by a vote of 427 to 458. The majority

elination of the renomination when the Republicans of this district for the eleventh time unanimously tendered the Hon. D. B. Henderson. No official has been more anxious to keep in touch with and faithfully represent the well considered judgement of his constituents than has been Col. Henderson during all the long years of his congressional career. We have faith in his patriotism and in his personal and political integrity. We are conscious of his great mental power and ability. We realize his superb leadership and commanding influence in governmental affairs and believe that his withdrawal means a great loss to the people.

Judge Birdsall is about 45 years old. The only office he has ever held is the judgeship of the district court which he resigned a year ago to resume the practice of law in Clarion.

Fifth District Republicans Split.

Dallas, Tex., Sept. 26.—There are two Republican factions in the Fifth congressional district. One is headed by D. A. Robinson, a Lyon man, and the other by J. N. Baker, who is an adherent of Hawley's.

Each of these men claims to be county chairman and at their instigation two congressional conventions were held in this city Thursday.

The Robinson element adopted platform endorsing Roosevelt and reaffirming party principles and nominated S. H. Lumpkin of Bosque county for congress. The Baker wing made no nomination, referring the question to a committee vested with plenary powers. This committee is to make a report at a meeting to be held when called by Chairman Baker.

Postmaster Nominated for Congress.

New Orleans, Sept. 26.—Capt. S. M. Thomas, postmaster at Benton, Bossier parish, was nominated by the Republicans of the Fourth district as candidate for congress. Every parish in the district was represented except Sabine, but there were no negro delegates.

May Ride on Railroad Passes.

Richmond, Sept. 26.—Judge Witt has rendered a decision that a railroad employee, who also may be a state officer, may ride upon a railroad pass given him for services rendered as said employee. The decision merely passes upon the point that where such consideration is clearly shown that action of an official in accepting a pass does not come within the inhibition of the constitution.

This decision is applicable also to members of the legislature, who as railway attorneys contracted with the railways, giving them transportation as part of their remuneration when so expressly specified.

Sicily Towns Wrecked.

London, Sept. 26.—A dispatch from Rome announces that a severe cyclone swept over Calabria, a city on the east coast of Sicily. Calabria was flooded and many houses, including Villa Belvedere, were damaged. Railroads suffered seriously.

The cyclone also wrought havoc at Modica, a town on Sicily, where several persons were killed. Mount Etna shows further signs of activity and volcano Stromboli is still active.

Political Prisoners from Guam.

Manila, Sept. 26.—The transport Sheridan from San Francisco has arrived here. She called at the Island of Guam and brought here 35 political prisoners who took the oath of allegiance to the United States. Mabini, former president of the Filipino supreme court and Filipino minister of foreign affairs, refused to take the oath and was kept a prisoner at Guam. No decision arrived at regarding Mabini, but he probably will be left at Guam indefinitely.

Will Collect Occupation Taxes.

Fort Worth, Tex., Sept. 26.—State Revenue Agent Cunningham is here conferring with County Attorney Latimore and District Judges Smith and Dunklin regarding the enforcement of the collection of the occupation taxes of lawyers. He insists they must pay their delinquencies, which run back three years, or abide the consequences, as he proposes to place the matter in the hands of Attorney General Bell for collection.

Steel Corporation Won.

Trenton, N. J., Sept. 26.—Justice Van Sickle of the court of errors and appeals has filed an opinion in the United Steel Corporation case recently decided by the court in the corporation's favor. The opinion sustains the constitutionality of the act last winter under which the corporation undertook to convert \$200,000,000 worth of preferred stock into a like amount of bonds. This is a complete victory for the United States Steel Corporation.

Heinz Opposes Senator Clark.

Butte, Mont., Sept. 26.—The followers of F. Augustus Heinz, who were denied seats in the Democratic state convention at Bozeman, where they appeared in a contesting delegation, held a mass meeting here Thursday night. It is announced there will be launched an independent party, consisting of Heinz Democrats who oppose the party leadership of Senator Clark.

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. That is what

GENERAL RUSSELL A. ALGER.

report which indorsed General Alger was then adopted without an opposing vote amid loud and continued cheering from the Alger supporters.

At the opening session of the convention Congressman Hamilton of Niles, temporary chairman, made an address devoting his time chiefly to the tariff and trusts, along the lines similar to those of President Roosevelt's recent speeches. He predicted that a reciprocity arrangement between this country and Cuba would be perfected by the Fifty-seventh congress.

The report of the resolution committee eulogized the late Senator McMillan and Justice Long, and commended the state and national administrations. This portion of the report was unanimously adopted. The great struggle of the Alger and Ferry forces followed over the majority and minority reports of the matter of endorsing General Alger for senator.

Connecticut Democratic Ticket.

New Haven, Conn., Sept. 26.—The Democratic state convention here nominated a full ticket, adopted a platform and the convention, which had promised to be one of the most bitter in the history of the party in this state, closed in harmony. The ticket is as follows:

Governor—Melbert B. Cary.
Lieutenant governor—Kent Hubbard, Jr.
Secretary of state—Arthur B. Calkins.

Treasurer—Philip Hugo.
Controller—Edward G. Kilduff.
Attorney General—Noble Pierce.
Congressman at large—Homer S. Cummings.

The platform occasioned a heated debate in the committee room but once presented to the convention as recommended by the committee it was adopted without debate. A strenuous struggle had been made in the committee for endorsement of the Kansas City platform but failed.

The nomination for governor was the only one that required a ballot, all others going through by acclamation.

Iowa Republicans Praise Henderson.
Hampton, Ia., Sept. 26.—Judge B. P. Birdsall of Clarion, Ia., was nominated for congress by the Third district Republican convention. The nomination was made on the second ballot by a vote of 88 to 26 over C. E. Ransom of Buchanan. The Third district is at present represented by the Speaker David B. Henderson who recently declined a renomination.

The platform endorses the administration of President Roosevelt and then says:

Washington, Sept. 26.—The secretary of the treasury has made public the announcement that he will buy five per cent bonds of 1904 at 105 flat. There are \$19,400,000 of these bonds outstanding.

A PROTEST IS MADE

United State Officials Interfering in
Texas State Matters.

WITHDRAWAL ASKED

Governor Sends a Dispatch to Presi-
dent Saying the State Is Fully
Able to Take Care of the
Trouble at Port Arthur.

Austin, Sept. 26.—The trouble at
Port Arthur over the killing of Deputy
Marshal Smith is assuming a serious
phase. Today Governor Sayers re-
ceived a telegram from W. H. Gray,
county attorney of Jefferson county,
reading as follows:

"Have you called on the president
for assistance at Port Arthur? The
United States marshal, with armed
men, is there. This is not a national
affair. Will you request them to with-
draw?"

To this telegram Governor Sayers
replied as follows:

"Telegram received. I have not
called on the president for assistance
at Port Arthur, nor have I been ad-
vised as to any trouble at Port Ar-
thur, except through the press. I will
immediately wire the president that
the state of Texas can and will take
care of its own affairs. Should you or
the sheriff need assistance, please
wire me immediately, and it will be
rendered upon you without delay. I shall
depend upon you and the sheriff in
this matter."

The text of the governor's telegram
to the president is as follows:

"To the President, Washington: I
am advised that you have been called
upon for assistance to quiet trouble
at Port Arthur, Texas. No assistance
is needed from the federal govern-
ment. Texas is entirely able to re-
press all difficulties of this character
that may arise and will do it promptly,
through myself as governor."

RIGHT TO LAND MARINES.

Treaty Made in 1846 Guarantees Free
Transit Across Panama.

Washington, Sept. 26.—In regard to
the protest against the landing of
American marines on the Isthmus of
Panama, made to Commander Mc-
Lean of the Cincinnati by Governor
Salazar of Panama, on the ground the
Colombian government had ample
force to protect the lives and prop-
erty of foreigners. It is pointed out
here that the governor's argument
takes in only one-half of the main
treaty of obligation with regard to the
Isthmus assumed by the convention
at New Granada, signed in 1846 be-
tween the United States and Colombia.
The dominant factor which influenced
the landing of marines, an obligation
which the United States took on it-
self by the treaty of 1846 in these
words: "The United States guaran-
tees positively and efficaciously to
New Granada, by the present stipu-
lation the perfect neutrality before
mentioned, with a view that free of
transit from one to the other sea may
not be interrupted or embarrassed
while this treaty exists."

Furthermore, in respect to the gov-
ernor's reported declaration in which
he considered the landing of United
States naval forces an attempt to as-
sure sovereignty over Colombia, at-
tention is directed to this declaration
in same paragraph of treaty: "The
United States also guarantees the
rights of sovereignty and property
which New Granada has and possess-
es over said territory."

Can Use Liquor in Prescriptions.

Austin, Sept. 26.—In answer to a
letter from D. G. Mann, druggist at
Mobile, Tex., the comptroller has held
it is not a violation of the local option
law for a druggist to sell on the pre-
scription of physicians compounds in
which liquors are used, provided such
compounds are not intoxicating bev-
erages.

The comptroller held that Peruna is
capable of producing intoxication and
cannot be sold in local option dis-
tricts, except upon the prescription of
a physician.

The Champion in His Class.

Senor Vincente Oropeza, a Mexican, claims to be the champion lariat handler of the world, and by his performance in Buffalo Bill's Wild West seems to make good his claim. In his hands the lasso becomes a live thing, subtly conscious of and obedient to his will. It circles about him, rises and falls, widens and contracts its loop, does a variety of surprising things and finally darts away to seize a leg or neck of a running beast, as unerring in its flight as the bullet of a sharp-shooter. He will be seen here with the Wild West on Oct. 18.

ALLIANCE FAVORED.

Chile and Argentine Brought Closer by Recent Understanding

Valparaiso, Sept. 26.—Beginning with the first speeches made by the Argentine delegates and several Chilean statesmen in the course of banquets and entertainments given to the former, the idea of an alliance between the republics has been only suggested indirectly. But at a banquet Wednesday night in Santiago, Gen. Umilio Korner, commander of the Chilean army, openly raised the question and advocated the alliance.

After reviewing the struggle for independence when the armies of both countries fought several battles together, Gen. Korner declared that the fathers of the two nations sought the creation of a United States of South America, which until today has been only a dream, but now has every probability of realization.

"We have seen evils brought about by disunion," continued the general. "We may calculate what good the union of the countries would bring forth. The chiefs of the navies and the armies of the two countries, sitting around this table, have a brilliant chance to work for the uniformity of the military institutions of both republics. We Chilean soldiers raise our glasses, wishing that when territory of either country is menaced the other must do what she did during the war for independence."

Gen. Korner's toast was wildly cheered. Newspapers and the general public will, it is believed, warmly welcome an alliance.

His Farewell Sermon.

Rev. S. C. Martin, who has been preaching at the Steep Hollow church for thirty-two years, the greater part of the time as pastor, resigned the care of the church last Sunday and preached his farewell sermon. Rev. Martin is an earnest God loving and God fearing man, and the good he has done his community, and the county at large, cannot be told in words.

The farewell at the close of the sermon was deeply affecting and every eye in the large congregation was bathed in tears. There is not a member of Steep Hollow church, nor a citizen in all the community who does not love him.

The church has called Rev. J. M. Bullock, another noble man of God, to be its pastor.—Pilot.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children grow into manhood and womanhood. A mother lives as many lives as she has children—their joys and sorrows are

Wine of Cardui, in re-inforcing the organs of generation, has made mothers of women who had given up hope of ever becoming mothers. Wine of Cardui will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a strong woman, and strong, healthy women do not suffer. They look forward to motherhood with joy.

WINE of CARDUI

A million suffering women have found relief in Wine of Cardui.

TWO OUTLAWS DEAD

Two Others Were Captured and
Another Escaped.

A DESPERATE FIGHT

Deputy United States Marshals Sur-
rounds the Five Desperadoes and
Fought With Them to the
Finish in the Territory.

Muskogee, I. T., Sept. 26.—Deputy
United States Marshal Fike and posse
killed two outlaws whose names are
unknown near Henryetta, after a des-
perate fight, and captured two others
whose ammunition was exhausted be-
fore they surrendered. One of the cap-
tured men is Jim Halbrook, who is a
member of Ben Casey's band. Both
men refuse to divulge the names of the
men who were killed.

The five men in the gang were sur-
rounded by the officers near Henryetta.
In the fight which followed two men
were killed in the house, two were cap-
tured and one escaped. Officers are now
pursuing him near Eufaula.

Orders have been issued from the
United States marshal's office here to
all field men that the gang of despera-
does that have infested the Territory
for years must be wiped out one way
or another. Halbrook and the other
captured man will be placed in jail
here.

KILLED BY EARTHQUAKE.

Over One Thousand Lives Reported Lost
in Russian Turkistan.

Berlin, Sept. 26.—A dispatch re-
ceived here from Tashkent, capital of
Russian Turkistan, reports a terrible
earthquake Aug. 22, the shocks con-
tinuing until Sept. 3. One hundred
were killed at Kashgar in eastern
Turkestan, 400 in the village of As-
tyn, 20 at Jangli, while the town of
Aksuiktohe was completely destroyed.
Kashgar, capital of the province or
Sinkiang, is situated at the confluence
of roads leading to Peking, India, and
the Russian empire and is of consid-
erable importance. It has a popula-
tion of 50,000.

Many Villages Wrecked.

Allahabad, India, Sept. 26.—A dis-
patch to the Pioneer from Kashgar
Eastern Turkestan, says only a doz-
en people were killed there in the
earthquake, but that the disturbances
wrecked many villages in the north-
ern part of the province, where the to-
tal number of people killed is placed
at 1000.

Stromboli Volcano Active.

Paris, Sept. 26.—A dispatch to the
Figaro from Rome says the volcano
on Stromboli island, off the north
coast of Sicily has been active for
several days past. A large conical
mass has appeared on the edge of one
of the craters and a fissure at the
base of this crater is pouring out lava
and jets of flame to a height of 300
yards.

Editor Killed by a Lawyer.

Winchester, Tenn., Sept. 26.—S. E.
Robinson, editor of the News-Journal,
was shot here by a prominent lawyer
named Banks. The cause of the trouble
was a political speech made by Banks
attacking Robinson, who replied in an
editorial denouncing the attorney. The
men met on the street and after an ex-
change of a few words Banks drew his
pistol and fired. The ball penetrated
the abdomen and Robinson died from
the effects of his injuries. Banks has
been committed to jail.

Brakeman Crushed by Cars.

Dallas, Sept. 26.—Michael Davis, a
brakeman on the Gulf, Colorado and
Santa Fe railway, was killed instantly
here Thursday by being crushed be-
tween two fruit cars which he was
coupling. The bumpers of the two cars
caught Davis' head on a level with the
ears and completely crushed it, cutting
both ears in two.

Earnings of Santa Fe.

Chicago, Sept. 26.—The annual re-
port of the Atchison, Topeka and Santa
Fe railroad for the fiscal year ending
June 30, 1902, shows an income to the
road from all sources to have been
\$60,275,942, leaving \$15,564,527 net
earnings for the year. A balance of
\$16,027,415 was carried forward.

From Manchuria to Russia.

St. Petersburg, Sept. 26.—The Man-
churian Railway company, has ar-
ranged to secure the co-operation of
the Russian railroad and steamship
companies in the establishment of di-
rect communication between Manchuria

Stockmen Killed in Illinois.

men were killed and two seriously in-
jured in a collision on the Burlington
road near Malden. The Burlington pas-
senger train crashed into the stock
train, telescoping the cabooses.

lision between freight trains on the
Pittsburg, Bessemer and Lake Erie
railroad, near Pardoo, four train men
were killed and two fatally injured.

the vote on the supplemental treaty in
the Chickasaw nations Thursday indi-
cate that the majority for the meas-
ure was overwhelming.

Tien Tsin, Sept. 26.—Russia has offi-
cially handed over Shan si Kwan, new
Chwang railroad, to China.

ACTS OF VIOLENCE.

Hungarian Strikers Club to Death One
Man and Beat Another.

Philadelphia, Sept. 26.—While there
was considerable disorder and many
acts of violence in sections of the Har-
risburg coal regions Thursday, the law-
lessness was not so general as earlier in
the week. The presence of additional
troops and a drenching rain assisted
greatly in the preservation of the
peace.

The most serious outbreak occurred
near Olyphant, almost under the noses
of the soldiers of the Thirteenth reg-
iment. A non-union miner named
Winston was clubbed to death by a
band of Hungarians and his son-in-law
was badly beaten.

Near Wilkesbarre a coal and iron
policeman was almost clubbed to death.
Reports from other parts of the re-
gion show that petty cases of violence
continue. The lower anthracite region
is comparatively quiet, most of the
lawlessness occurring in the vicinity of
Scranton and Wilkesbarre.

President Mitchell says the troops
will help to keep the men firmer in
their determination to stand against
the operators. The coal companies
claim they are daily placing more men
at work, and the shipment of coal con-
tinues in small quantity.

The situation at Lebanon, where ne-
groes took the places of the iron and
steel workers in the plant of the
American Iron and Steel company,
thereby causing riots and the killing of
one person and the injuring of others,
continues serious.

GERMANY EMPHATIC.

Will Not Help America and England
Protect Roumanian Jews.

Berlin, Sept. 26.—Germany has de-
clared not to associate herself in any
way with the American and British
protests against Roumania's treatment
of the Jews.

The German government adopts this
attitude, it is understood, independ-
ently of other continental powers.
Germany considers that as other para-
graphs besides Art. 44 of the very pre-
cise Berlin treaty of 1878 have not been
insisted upon, for instance, Roumanian
forts have not been razed to the ground
and Russia is allowing Batoum to re-
main as it was before the treaty, this
is not the time to oblige Roumanians
to observe any particular provision of
the treaty.

The only affect the American note
has had so far is an order, according
to the Roumanian newspapers, that no
more emigration passports be issued
without the usual tax of \$4.00. It is
even reported that no emigration pas-
ports will be granted. The spirit of the
government is "We are masters here."
Nevertheless it is disposed to be polite
and considerate toward the United
States. It intends to show this by
preventing emigration to the United
States.

Must Have Warrant to Hold.

New York, Sept. 26.—Albert Pyrott,
alias Alfred Pledk, arrested here at
the request of the San Francisco po-
lice, charged with obtaining money un-
der false pretenses, has been released
by the police magistrate before whom
the case was called. A formal com-
plaint had been made against the
prisoner, appended to which was a
copy of a warrant telegraphed from
San Francisco, but the magistrate
held the warrant must be in court.

From Florida to South Africa.

Pensacola, Fla., Sept. 26.—It is learn-
ed that a short regular steamship line
will be inaugurated between Pensacola
and South Africa, vessels sailing bi-
monthly. It is understood the main ob-
ject in establishing the line will be for
the purpose of transporting livestock
to South Africa to stock Boer farms.
General cargoes will be sent on every
ship. It is said the line will be operated
by the Atlantic and South African
company.

HEPTOL SPLITS IS "IT."

Thinking people now realize that dosing the system with Calomel, Pills and other strong purgatives is a grave mistake and very injurious. The physical organs occasionally become tired and fail to respond to the duties of nature, thereby clogging the system and then a stimulative laxative is required to remove the accumulated poisons and to again start in motion the vital machinery; for this purpose some mild non-injurious remedy should be used. ALGER IS INDORSED

Michigan Republicans Make Him
Their Candidate for Senator.

THE VICTORY GREAT

Opposing Factions Made a Desperate
Effort Not to Indorse Any Candidate for Senator—Connecticut Democratic Ticket.

Grand Rapids, Mich., Sept. 26.—After a long and laborious session in which more oratory and enthusiastic partisan strife were in evidence than have been seen in the councils of the Republican party in this state for many years, the Republican state convention Thursday indorsed the senatorial candidacy of General R. A. Alger, former secretary of war, and nominated William L. Carpenter of Detroit for justice of the supreme court, to fill the vacancy caused by the death of Justice Charles D. Long. General Alger's friends won a great victory over the supporters of Dexter M. Ferris of Detroit, the test of strength having been made on a motion to adopt the minority recommendation of the committee on resolutions to the effect that no expression on the senatorial candidacy of any one be taken.

The test vote by a roll call of counties rejected the minority report by a vote of 427 to 458. The majority

GENERAL RUSSELL A. ALGER.

report which indorsed General Alger was then adopted without an opposing vote amid loud and continued cheering from the Alger supporters. At the opening session of the convention Congressman Hamilton of Niles, temporary chairman, made an address devoting his time chiefly to the tariff and trusts, along the lines similar to those of President Roosevelt's recent speeches. He predicted that a reciprocity arrangement between this country and Cuba would be perfected by the Fifty-seventh congress.

The report of the resolution committee eulogized the late Senator McMillan and Justice Long, and commended the state and national administrations. This portion of the report was unanimously adopted. The great struggle of the Alger and Ferry forces followed over the majority and minority reports of the matter of endorsing General Alger for senator.

Connecticut Democratic Ticket.

New Haven, Conn., Sept. 26.—The Democratic state convention here nominated a full ticket, adopted a platform and the convention, which had promised to be one of the most bitter in the history of the party in this state, closed in harmony. The ticket is as follows:

Governor—Melbert B. Cary.
Lieutenant governor—Kent Hubbard, Jr.
Secretary of state—Arthur B. Calkins.

Treasurer—Philip Hugo.
Controller—Edward G. Kilduff.
Attorney General—Noble Pierce.
Congressman at large—Homer S. Cummings.

The platform occasioned a heated debate in the committee room but once presented to the convention as recommended by the committee it was adopted without debate. A strenuous struggle had been made in the committee for endorsement of the Kansas City platform but failed.

The nomination for governor was the only one that required a ballot, all others going through by acclamation.

Iowa Republicans Praise Henderson.
Hampton, Ia., Sept. 26.—Judge B. P. Birdsall of Clarion, Ia., was nominated for congress by the Third district Republican convention. The nomination was made on the second ballot by a vote of 88 to 26 over C. E. Ransom of Buchanan. The Third district is at present represented by the Speaker David B. Henderson who recently declined a renomination.

The platform endorses the administration of President Roosevelt and then says:

"We most earnestly regret the de-

clination of the renomination which the Republicans of this district for the eleventh time unanimously tendered the Hon. D. B. Henderson. No official has been more anxious to keep in touch with and faithfully represent the well considered judgement of his constituents than has been Col. Henderson during all the long years of his congressional career. We have faith in his patriotism and in his personal and political integrity. We are conscious of his great mental power and ability. We realize his superb leadership and commanding influence in governmental affairs and believe that his withdrawal means a great loss to the people."

Judge Birdsall is about 45 years old. The only office he has ever held is the judgeship of the district court which he resigned a year ago to resume the practice of law in Clarion

Fifth District Republicans Split.

Dallas, Tex., Sept. 26.—There are two Republican factions in the Fifth congressional district. One is headed by D. A. Robinson, a Lyon man, and the other by J. N. Baker, who is an adherent of Hawley's.

Each of these men claims to be county chairman and at their instigation two congressional conventions were held in this city Thursday.

The Robinson element adopted platform endorsing Roosevelt and reaffirming party principles and nominated S. H. Lumpkin of Bosque county for congress. The Baker wing made no nomination, referring the question to a committee vested with plenary powers. This committee is to make a report at a meeting to be held when called by Chairman Baker.

Postmaster Nominated for Congress.

New Orleans, Sept. 26.—Capt. S. M. Thomas, postmaster at Benton, Bossier parish, was nominated by the Republicans of the Fourth district as candidate for congress. Every parish in the district was represented except Sabine, but there were no negro delegates.

May Ride on Railroad Passes.

Richmond, Sept. 26.—Judge Witt has rendered a decision that a railroad employee, who also may be a state officer, may ride upon a railroad pass given him for services rendered as said employee. The decision merely passes upon the point that where such consideration is clearly shown that action of an official in accepting a pass does not come within the inhibition of the constitution.

This decision is applicable also to members of the legislature, who as railway attorneys contracted with the railways, giving them transportation as part of their remuneration when so expressly specified.

Sicily Towns Wrecked.

London, Sept. 26.—A dispatch from Rome announces that a severe cyclone swept over Calabria, a city on the east coast of Sicily. Calabria was flooded and many houses, including Villa Belline, were damaged. Railroads suffered seriously.

The cyclone also wrought havoc at Modica, a town on Sicily, where several persons were killed. Mount Etna shows further signs of activity and volcano Stromboli is still active.

Political Prisoners from Guam.

Manila, Sept. 26.—The transport Sheridan from San Francisco has arrived here. She called at the island of Guam and brought here 35 political prisoners who took the oath of allegiance to the United States. Mabini, former president of the Filipino supreme court and Filipino minister of foreign affairs, refused to take the oath and was kept a prisoner at Guam. No decision arrived at regarding Mabini, but he probably will be left at Guam indefinitely.

Will Collect Occupation Taxes.

Fort Worth, Tex., Sept. 26.—State Revenue Agent Cunningham is here conferring with County Attorney Latimore and District Judges Smith and Dunklin regarding the enforcement of the collection of the occupation taxes of lawyers. He insists they must pay their delinquencies, which run back three years, or abide the consequences, as he proposes to place the matter in the hands of Attorney General Bell for collection.

Steel Corporation Won.

Trenton, N. J., Sept. 26.—Justice Van Sickle of the court of errors and appeals has filed an opinion in the United Steel Corporation case recently decided by the court in the corporation's favor. The opinion sustains the constitutionality of the act last winter under which the corporation undertook to convert \$200,000,000 worth of preferred stock into a like amount of bonds. This is a complete victory for the United States Steel Corporation.

Heinz Opposes Senator Clark.

Butte, Mont., Sept. 26.—The followers of F. Augustus Heinz, who were denied seats in the Democratic state convention at Bozeman, where they appeared in a contesting delegation, held a mass meeting here Thursday night. It is announced there will be launched an independent party, consisting of Heinz Democrats who oppose the party leadership of Senator Clark.

Believed to Be Leprosy.

A PROTEST IS MADE

United State Officials Interfering in
Texas State Matters.

WITHDRAWAL ASKED

Governor Sends a Dispatch to Presi-
dent Saying the State Is Fully
Able to Take Care of the
Trouble at Port Arthur.

Austin, Sept. 26.—The trouble at
Port Arthur over the killing of Deputy
Marshal Smith is assuming a serious
phase. Today Governor Sayers re-
ceived a telegram from W. H. Gray,
county attorney of Jefferson county,
reading as follows:

"Have you called on the president
for assistance at Port Arthur? The
United States marshal, with armed
men, is there. This is not a national
affair. Will you request them to with-
draw?"

To this telegram Governor Sayers
replied as follows:

"Telegram received. I have not
called on the president for assistance
at Port Arthur, nor have I been ad-
vised as to any trouble at Port Ar-
thur, except through the press. I will
immediately wire the president that
the state of Texas can and will take
care of its own affairs. Should you or
the sheriff need assistance, please
wire me immediately, and it will be
rendered you without delay. I shall
depend upon you and the sheriff in
this matter."

The text of the governor's telegram
to the president is as follows:

"To the President, Washington: I
am advised that you have been called
upon for assistance to quiet trouble
at Port Arthur, Texas. No assistance
is needed from the federal govern-
ment. Texas is entirely able to re-
press all difficulties of this character
that may arise and will do it promptly,
through myself as governor."

RIGHT TO LAND MARINES.

Treaty Made in 1846 Guarantees Free
Transit Across Panama.

Washington, Sept. 26.—In regard to
the protest against the landing of
American marines on the Isthmus of
Panama, made to Commander Mc-
Lean of the Cincinnati by Governor
Salazar of Panama, on the ground the
Colombian government had ample
force to protect the lives and prop-
erty of foreigners. It is pointed out
here that the governor's argument
takes in only one-half of the main
treaty of obligation with regard to the
Isthmus assumed by the convention
at New Granada, signed in 1846 be-
tween the United States and Colombia.
The dominant factor which influenced
the landing of marines, an obligation
which the United States took on it-
self by the treaty of 1846 in these
words: "The United States guaran-
tees positively and efficaciously to
New Granada, by the present stipu-
lation the perfect neutrality before
mentioned, with a view that free of
transit from one to the other sea may
not be interrupted or embarrassed
while this treaty exists."

Furthermore, in respect to the gov-
ernor's reported declaration in which
he considered the landing of United
States naval forces an attempt to as-
sure sovereignty over Colombia, at-
tention is directed to this declaration
in same paragraph of treaty: "The
United States also guarantees the
rights of sovereignty and property
which New Granada has and possess-
es over said territory."

Can Use Liquor in Prescriptions.

Austin, Sept. 26.—In answer to a
letter from D. G. Mann, druggist at
Mobile, Tex., the comptroller has held
it is not a violation of the local option
law for a druggist to sell on the pre-
scription of physicians compounds in
which liquors are used, provided such
compounds are not intoxicating bev-
erages.

The comptroller held that Peruna is
capable of producing intoxication and
cannot be sold in local option dis-
tricts, except upon the prescription of
a physician.

Governor Off for Dallas.

Austin, Sept. 26.—Governor Sayers
left this afternoon for Dallas, accom-
panied by Mrs. Sayers. He will open
the Texas State Fair there and thence
proceed with a party to St. Louis.
Lieutenant Governor Browning will
assume reins of government.

back tax suit ever filed in Kentucky
has been filed against the Illinois Cen-
tral for back taxes for nine years, be-
ginning in 1893. The total amount is
nearly \$1,000,000.

President's Condition Satisfactory.

Rixey, surgeon general of the navy,
and Dr. Lurg called upon the presi-
dent and after examination, Dr. Rixey
announced the condition of the presi-
dent satisfactory.

His Farewell Sermon.
Rev. S. C. Martin, who has been preaching at the Steep Hollow church for thirty-two years, the greater part of the time as pastor, resigned the care of the church last Sunday and preached his farewell sermon. Rev. Martin is an earnest God loving and God fearing man, and the good he has done his community, and the county at large, cannot be told in words.

The farewell at the close of the sermon was deeply affecting and every eye in the large congregation was bathed in tears. There is not a member of Steep Hollow church, nor a citizen in all the community who does not love him.

The church has called Rev. J. M. Bullock, another noble man of God, to be its pastor.—Pilot.

The Champion in His Class.
Senor Vincente Oropeza, a Mexican, claims to be the champion lariat handler of the world, and by his performance in Buffalo Bill's Wild West seems to make good his claim. In his hands the lasso becomes a living thing, subtly conscious of and obedient to his will. It circles about him, rises and falls, widens and contracts its loop, does a variety of surprising things and finally darts away to seize a leg or neck of a running beast, as unerring in its flight as the bullet of a sharp-shooter. He will be seen here with the Wild West on Oct. 18.

ALLIANCE FAVORED.
Chile and Argentine Brought Closer by Recent Understanding
Valparaiso, Sept. 26.—Beginning with the first speeches made by the Argentine delegates and several Chilean statesmen in the course of banquets and entertainments given to the former, the idea of an alliance between the republics has been only suggested indirectly. But at a banquet Wednesday night in Santiago, Gen. Umilio Korner, commander of the Chilean army, openly raised the question and advocated the alliance.

After reviewing the struggle for independence when the armies of both countries fought several battles together, Gen. Korner declared that the fathers of the two nations sought the creation of a United States of South America, which until today has been only a dream, but now has every probability of realization.

"We have seen evils brought about by disunion," continued the general. "We may calculate what good the union of the countries would bring forth. The chiefs of the navies and the armies of the two countries, sitting around this table, have a brilliant chance to work for the uniformity of the military institutions of both republics. We Chilean soldiers raise our glasses, wishing that when territory of either country is menaced the other must do what she did during the war for independence."

Gen. Korner's toast was wildly cheered. Newspapers and the general public will, it is believed, warmly welcome an alliance.

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with some Wine of Cardui and insisted that I take it for a week and see what it would do for me. As he seemed to have so much faith in it I did take the medicine and was very grateful to find my strength slowly returning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise."

hers, as are their ambitions, triumphs and defeats. Healthy women do not suffer miscarriage nor does a woman who is healthy suffer tortures at childbirth. It is the woman who is ailing—who has female weakness—who fears the ordeal of becoming a mother. Wine of Cardui builds up the womanly in a woman. It stops all unnatural drains and strains—irregularities which are responsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through pregnancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

MOTHERHOOD is the noblest duty and highest privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. United States Marshal Fike and posse

Russian Turkistan, reports a terrible
earthquake Aug. 22, the shocks con-
tinuing until Sept. 3. One hundred
were killed at Kashgar in eastern
Turkistan, 400 in the village of As-
tyn, 20 at Jangli, while the town of
Aksekitche was completely destroyed.
Kashgar, capital of the province of
Sinkiang, is situated at the confluence
of roads leading to Pekin, India, and
the Russian empire and is of consid-
erable importance. It has a popula-
tion of 50,000.

Many Villages Wrecked.

Allahabad, India, Sept. 26.—A dis-
patch to the Pioneer from Kashgar
Eastern Turkistan, says only a doz-
en people were killed there in the
earthquake, but that the disturbances
wrecked many villages in the north-
ern part of the province, where the to-
tal number of people killed is placed
at 1000.

Paris, Sept. 26.—A dispatch to the
Figaro from Rome says the volcano
on Stromboli island, off the north
coast of Sicily has been active for
several days past. A large conical
mass has appeared on the edge of one
of the craters and a fissure at the
base of this crater is pouring out lava
and jets of flame to a height of 300
yards.

Editor Killed by a Lawyer.

Winchester, Tenn., Sept. 26.—S. E.
Robinson, editor of the News-Journal,
was shot here by a prominent lawyer
named Banks. The cause of the trouble
was a political speech made by Banks
attacking Robinson, who replied in an
editorial denouncing the attorney. The
men met on the street and after an ex-
change of a few words Banks drew his
pistol and fired. The ball penetrated
the abdomen and Robinson died from
the effects of his injuries. Banks has
been committed to jail.

Dallas, Sept. 26.—Michael Davis, a
brakeman on the Gulf, Colorado and
Santa Fe railway, was killed instantly
here Thursday by being crushed be-
tween two fruit cars which he was

caught Davis' head on a level with the
ears and completely crushed it, cutting
both ears in two.

port of the Atchison, Topeka and Santa
Fe railroad for the fiscal year ending

road from all sources to have been

earnings for the year. A balance of
\$16,027,415 was carried forward.

ACTS OF VIOLENCE.

Hungarian Strikers Club to Death One
Man and Beat Another.

Philadelphia, Sept. 26.—While there
was considerable disorder and many
acts of violence in sections of the Har-
risburg coal regions Thursday, the law-
lessness was not so general as earlier in
the week. The presence of additional
troops and a drenching rain assisted
greatly in the preservation of the
peace.

The most serious outbreak occurred
near Olyphant, almost under the noses
of the soldiers of the Thirtieth regi-
ment. A non-union miner named
Winston was clubbed to death by a
band of Hungarians and his son-in-law
was badly beaten.

Near Wilkesbarre a coal and iron
policeman was almost clubbed to death.
Reports from other parts of the re-
gion show that petty cases of violence
continue. The lower anthracite region
is comparatively quiet, most of the
lawlessness occurring in the vicinity of
Scranton and Wilkesbarre.

President Mitchell says the troops
will help to keep the men firmer in
their determination to stand against
the operators. The coal companies
claim they are daily placing more men
at work, and the shipment of coal con-
tinues in small quantity.

The situation at Lebanon, where ne-
groes took the places of the iron and
steel workers in the plant of the
American Iron and Steel company,
thereby causing riots and the killing of
one person and the injuring of others,
continues serious.

GERMANY EMPHATIC.

Will Not Help America and England
Protect Roumanian Jews.

Berlin, Sept. 26.—Germany has de-
clared not to associate herself in any
way with the American and British
protests against Roumania's treatment
of the Jews.

The German government adopts this
attitude, it is understood, independ-
ently of other continental powers.
Germany considers that as other para-
graphs besides Art. 44 of the very pre-
cise Berlin treaty of 1878 have not been
insisted upon, for instance, Roumanian
forts have not been razed to the ground
and Russia is allowing Batoum to re-
main as it was before the treaty, this
is not the time to oblige Roumanians
to observe any particular provision of
the treaty.

The only affect the American note
has had so far is an order, according
to the Roumanian newspapers, that no
more emigration passports be issued
without the usual tax of \$4.00. It is
even reported that no emigration pas-
ports will be granted. The spirit of the
government is "We are masters here."
Nevertheless it is disposed to be polite
and considerate toward the United
States. It intends to show this by
preventing emigration to the United
States.

Must Have Warrant to Hold.

New York, Sept. 26.—Albert Pyrott,
alias Alfred Pledk, arrested here at
the request of the San Francisco po-
lice, charged with obtaining money un-
der false pretenses, has been released
by the police magistrate before whom
the case was called. A formal com-
plaint had been made against the
prisoner, appended to which was a
copy of a warrant telegraphed from
San Francisco, but the magistrate
held the warrant must be in court.

From Florida to South Africa.

Pensacola, Fla., Sept. 26.—It is learned
that a short regular steamship line
will be inaugurated between Pensacola
and South Africa, vessels sailing bi-
monthly. It is understood the main ob-
ject in establishing the line will be for
the purpose of transporting livestock
to South Africa to stock Boer farms.
General cargoes will be sent on every
ship. It is said the line will be operated
by the Atlantic and South African
company.
